## JASON SIMON

Founder & President

Jason is Founder and President of Wylie Capital and is responsible for the company investment strategy, acquisition sourcing, capital raising and the formation of joint venture partnerships with other market leading investors and developers. Prior to founding Wylie Capital he was a Principal at Colliers International where he completed over 500 transactions in excess of \$1 billion of transaction value. Jason has always been “close to the real estate” as a broker, investor and developer and has established a unique perspective, knowledge base and skill set, that distinguishes him from others in his field, and leads to superior results on behalf of WC’s capital partners and the communities in which WC invests.
